STINGRAY

VETTE C2

We have retained the classic body lines of the C2 yet subtly modified the bumpers for a better tucked in fit. Underneath it all is a custom Full Frame chassis which gives the car its low stance and allows us to run those big 20" wheels (22" rear are an option as well). This Stance is the key design element that distinguishes the car from the pack. A crate LS3 mated to a 6L80 Auto Box (manual optional) gives more than adequate power and big Wilwood brakes do an awesome job at stopping all the car at speed.
